By signing, I confirm that :

I have read and agree to all of the terms and conditions and policies.

I authorise charges via my specified payment method (Visa, Mastercard or Direct Debit).

By applying for the service you agree to the following terms of service:

The Service

Ace NBN broadband services offer internet access with a monthly included data allowance. Your speed will be reduced (shaped) once you use up all your included allowance or you can continue using the service at the same speed by purchasing an additional data pump-up pack through your account manager login. Speeds are indicative of maximum throughput and can be affected by environmental factors and internet congestion beyond and within our network.

This service is supplied with a phone service.

By completing this form you are agreeing that Ace Internet Services will be your NBN broadband provider.

Contract term

The service is available with a minimum term of 12 months. Your contract term will begin from the date of your connection to the NBN network.

Fees and Charges

A mandatory setup cost is incurred with the installation of every service. You also require a modem to use the connection. This setup cost includes the cost and configuration of the modem to be collected from our office. Installation at your premises is available for an additional fee.

The maximum monthly charge will be the minimum monthly charge plus call costs associated with calls made during the month using the service. Please see our Critical Information Summary – VoIP and refer to the 55 plan for call costs, there is no minimum spend.

Early termination charges

If you cancel your service prior to the end of your contract term you will incur early termination charges. These are calculated by multiplying the number of outstanding contract months times the minimum monthly contract charge.

Important conditions:

This service may not be available at your location. Please call us to find out if you can be connected to this service at your location. This service provides you with a dynamic IP address. A Static IP addresses can be purchased at an additional cost of \$22. Please contact us for further information. Complex installations will be quoted above the standard setup and installation cost prior to installation.

Managing your spend

To help you control your spend we provide you with notifications via email. When you reach 100% of your data allowance your service will be shaped. You can opt to purchase a Pump-up plan to un-shape your service.

Other Terms

These terms and conditions are to be read in conjunction with our standard form of agreement available at www.acenet.com.au/terms-and-policies to which you also agree.
